RUSSIA TO MAKE PEACE THREAT OF COUNCIL

WORKMEN AND SOLDIERS SET FORTH DESIRES

France Legislates Against Socialist Convention; German Delegates Are Confident

PETROGRAD, May 30.—That the allied powers will make concessions in the peace terms announced by Premier Lloyd George of England is firmly believed in some quarters. It is probable that the entente will soon send a note to Russia in regard to territorial annexations, this being the chief question which vexes the men in control of the government.

The bulletin of the council of workmen and soldiers' delegates, which practically controls the government, said today that this note must be absolutely clear. It goes further by indicating that the all-powerful council will see to it that peace negotiations are begun immediately if Russia's soldiers believe in "no forced annexations and no punitive indemnities," according to resolutions adopted today by a congress of delegates from the front.

The congress resolved unanimously: "The army in the trenches is disposed to consider every measure to end quickly as possible this international carnage and to conclude peace without annexations and without indemnities, on the basis of the right of all nations to dispose of themselves. We proclaim simultaneously the watchword, 'Whoever wishes peace must prepare for war.'"

ARMY COMPLAINS. The resolution continuing, pointed out that the conditions under which the Russian army had fought were infinitely worse than those of the other allies, and declared that those at the front must be provided with munitions and everything else. This, it was declared, was in line with the principle that the "more metal the less gun" is the motto of the Russian army in adventures, or the killing of its soldiers, "to fertilize foreign fields."

GERMANS SEE HOPE. COPENHAGEN, May 30.—The German Socialist delegation en route to the Stockholm "peace conference" called by the German Socialist leaders, arrived here today. Simultaneously it became known that Philip Scheidemann, the German majority Socialist leader who was mainly instrumental in calling the Stockholm meeting, had been here for a number of days, holding conferences with Swiss internationalists.

The decision of the French Socialists to attend the Stockholm conference will force British Socialists to follow their example," declared Scheidemann.

The German Socialists declared they were hopeful that a bountiful harvest this summer would relieve the food situation in Germany. The consensus of opinion was that peace would come when the belligerent governments were forced by sufferings of the masses to follow Russia's example. The German Socialists all declared Russia's plan of democracy was what they sought in the Central empire.

The German Socialists' view is that they are ready for "peace without annexations." Delegate Molkenbuth declared that Germany and Alsace-Lorraine were so intimately connected that a separation was impossible.

The quotation attributed to Scheidemann makes it plain that the German

U. S. CONTINGENT COLORS PLACED IN ST. PAUL'S

LONDON, May 30.—It was like another American day at St. Paul's today when the colors of the American legion in the Canadian contingents were placed beside the altar to remain there until after the war. There were five flags, one from each battalion—the 97th, 211th, 212th, 213th and 237th. They were escorted to the cathedral by 500 Canadian soldiers.

As the troops passed up to the central aisle the crowd which filled the edifice sang, "Mine Eyes Have Seen the Glory of the Coming of the Lord," and later, "Onward, Christian Soldiers." At the conclusion of the service, "The Star-Spangled Banner" was sung, followed by "God Save the King."

The service was attended by Ambassador Page, consul General Skinner, high officers of the Canadian forces and physicians and nurses from the Red Cross units, which have arrived here most recently from St. Louis and Philadelphia.

The large silk flag of the 97th battalion has the place of honor, surrounded by smaller flags of the other four battalions.

Call Troops To Protect Copper Mine

PHOENIX, Ariz., May 30.—Formal demand for troops to protect lives and property in the Verde district during the miners' strike was made today on Lieutenant-Colonel J. J. Hornbrook, representing the War Department, by J. W. Clark, manager of the United Verde Copper Company, where 500 employees have quit work.

The request follows the destruction of the United Verde Pacific railroad depot and the killing of two company guards and the wounding of two others last night by a mob of 200. Other railroads and even more serious outbreaks are feared.

SAN FRANCISCO, May 30.—Whether or not the jury impaneled for the trial of Mrs. Rena Mooney, one of the defendants in the bomb case, is to be discharged because of alleged irregularities in drawing the names will be decided tomorrow morning by Judge Emmet Seawell.

Assistant District Attorney Louis Ferrari created a sensation in court yesterday when he declared that the prosecution had discovered a "plant" in the drawing of names from the jury box, and moved that the entire jury be discharged and a fresh one impaneled.

At the afternoon session of the court, after the jurors had been excused, Ferrari placed Clerk Frank Butler on the stand and brought out the following situation: The name of Daniel Kelly, a retired coal dealer of 1797 Oakdale avenue, one of the accused jurors, which appears on the list of one hundred given to the sheriff for summons, is not among the names placed in the big jury box by the superior judges on the first of the year.

SLIP IS MISSING. The one hundred names on the venire for May 18 were supposed to have been drawn from the big jury box by Butler. Ferrari alleged that Kelly's name got on the venire in some irregular way. Butler stated that he could not account for it. He denied that any one had asked him to insert Kelly's name on the venire. He admitted that the slip with Kelly's name was in his handwriting, and explained that it was the custom for the clerk of the court to write a new slip when one drawn from the box was lost. In the meantime, the slip in question cannot be found.

It also transpired that Kelly had asked Judge Seawell to be excused from the case on the plea of sickness by Butler. Ferrari alleged that Kelly's name was on the venire in some irregular way. Butler stated that he could not account for it. He denied that any one had asked him to insert Kelly's name on the venire. AUSTRIAN FORCES SUFFER BIG LOSS; PLAN TO RETREAT

General Cadorna Continues Steady Advance on Trieste; Takes Strong Position, Holds It Against All Counter Attacks

FRENCH DEFEATS GERMAN MOVES

BY INTERNATIONAL NEWS SERVICE
LEASSED WIRE TO TRIBUNE
ROME, May 30.—The Austro-Hungarian government archives in Trieste are being sent to Vienna. The banks' reserves are being sent to Laibach.

"The Austro-Hungarian defenses around Trieste, despite their great strength, are crumbling beneath the pounding of Italian and British artillery," said a despatch from Udine today. "In many cases the Austrian batteries fail to answer the Italian fire, being silenced by the rain of shells that are being poured upon them. Enormous losses are being inflicted upon the Austro-Hungarians, especially in the fighting on the Carso plateau south of Gorizia."

The new drive of General Cadorna's men toward Trieste is not to be stopped either by storms or guns. Part of the latest burst of fighting took place in storms that mingled with the reverberations from the guns.

By JOHN HEARLEY.
(United Press Staff Correspondent.)
ROME, May 30.—Like a skillful boxer who has already achieved a "shakedown," the Italian army was today "mixing its blows" against the Austrians on the southern front. By all rules of the game General Cadorna might have been expected to follow up his brilliant success around Duino Monday by a further battering here, instead he is now making a bold shift of the point of impact of his blow, striking against the enemy positions along the coast line south of Trieste.

Front despatches declared furious fighting in this salient had won another brilliant victory for the Italians through the turning of a flank position. Hill 53, a tremendously strong position, was taken and held against a succession of counter attacks.

In the meantime it was reported that General Cadorna was bringing up heavy guns for the renewed assault along the coast line toward Duino and Trieste. Along this salient today the Austrians counter-attacked furiously.

ANTI-DRAFT PLOTTERS DISCOVERED IN OAKLAND

Typewritten Sheets Containing Literature Urging Opposition to Registering is Unearthed

PRESTON ORDERS ARREST OF HANDBILL DISTRIBUTORS

Government Secret Operatives Plan to Cope With Opponents; Probing Disloyalty

Discovery of slips of typewritten paper containing a paragraph of the purport of which is to dissuade registration of military eligibles on June 5 has been made by the police, and the situation has been reported to the federal authorities.

Last night a number of these slips of paper were found in a downtown hall where a body of men were meeting. The circumstances are being closely withheld by the police, pending further investigation which, it is believed, will lead to the apprehension of the person or persons who distributed the propaganda.

Mystery surrounds the entire situation, so far as the police are concerned. They have not yet been able to identify the person or persons who distributed the propaganda.

The paragraph found last night is to the effect that "good cannon fodder makes good fertilizer" and "all Americans of military age willing to add their bones to the boneyard of Europe should register on June 5. If, on the other hand, they have any respect for their lives and liberties, they should refuse to do so."

Orders to arrest on the spot any one found distributing the handbills were issued yesterday by United States Attorney John W. Preston, following the receipt in San Francisco of literature issued by the No-Conscription League of 20 East One Hundred and Twenty-fifth street, New York. The handbill, which is a tirade against the United States government, urges resistance against draft registration and the draft itself.

On the handbill is a drawing of what is called a "conscientious objector," stripped to the waist and standing before a cannon. He holds a tattered shirt labeled "Conscription" in his hands.

CIRCULARS SCATTERED ABOUT. SAN JOSE, May 30.—Thousands of circulars, urging citizens not to register on June 5, were scattered over San Jose and the valley Monday night and early yesterday morning. It is not believed by the police that the work was done by pro-Germans; suspicion is directed toward Socialists and I. W. W. organizations. Within a short time police are in touch with federal authorities at San Francisco, no plan of action has yet been devised to arrest the plotters.

SWEEPING INVESTIGATION. LOS ANGELES, May 30.—Postoffice and other federal authorities began here today a sweeping investigation into what is believed to be an effort to direct for the purpose of local propaganda to prevent registration of military eligibles in Los Angeles next Tuesday.

Trouble has been experienced with the Mexican population, where certain forces are said to be working. Three arrests have been made.

Department of Justice officials, expecting trouble June 5, have arranged details for the presence of deputies at registration offices and the city polls. They will be assisted by police and county officers.

RED CROSS BENEFIT TO BE NOTABLE

The true spirit of Red Cross work will animate the first big public benefit that is to be given for the Oakland Chapter of the American Red Cross society on Friday evening, June 15th, at the Oakland Auditorium, for every dollar of the gross proceeds of this entertainment will go to the relief of the victims of the war.

The committee has selected the music of the Mysteria Shrine as the theme of the evening. The Shrine has donated every dollar of the expense so that the gross proceeds can be devoted to the work of the Red Cross.

When the tables of the Mysteria Shrine undertook the management of this first big benefit for the Red Cross, they did it in the true spirit of patriotism and of loyalty and they have dedicated to the event not only their time and labor, but their dollars as well. All of the cost of the event has been assumed by the Shrine and all of the work has been cheerfully performed by their committees, leaving the entire gross proceeds for the Oakland Red Cross.

Friday evening, June 15th, has been chosen for the date and everyone who wishes to follow the advice of President Wilson and "do his bit" toward the humane side of this world war, can set aside that date for an evening of pleasure when he can be assured that his money will be devoted in its entirety to this great cause.

PATRIOTIC PROGRAM.
The patriotic portion of the program will consume a little more than an hour and will be over by 9:30 o'clock when the floor will be cleared for dancing which will take up the rest of the evening.

This patriotic portion of the program will be one stupendous tableau intended to represent the great world conditions as they exist today. It will begin with a series of tableaux representing the nations that compose the allies calling for aid. There will be a call from England, from France, from Belgium, from Russia and from Italy. These calls will be answered by Columbia who will step from the folds of an immense American flag. In response to the appeals from the other nations, Columbia will call to her aid all the resources of the great American nation. An American sailor and an American sailor will step to her side, and then will be summoned Industry and Agriculture. All of these will then go to the aid of the other nations.

Ashmes Temple will take an active part in the program, for at the close of the main tableaux the patrol of Ashmes Temple, preceded by their band, will march into the main auditorium for drill.

There will be other military features, all striking in their character, and produced in rapid succession so that not a moment will be wasted. Dancing will follow until the close of the evening.

The music for the evening will be furnished by Jim Gray's famous "Jazz" band that furnished the music for the Ad Masque Ball.

COMMITTEES NAMED.
The committees in charge of the event are:

Executive committee—Dr. Elmer Smith, chairman; A. L. Ott, secretary; Dr. J. W. Fitch, J. L. Foster, Marie Stewart, Wm. H. Barry, Walter Corder, J. W. Garthwaite, Irving M. Kahn, Charles H. Wood.

Ticket committee—Walter Corder, chairman; Joseph Lancaster, Charles Lancaster, Robert A. Hughes, George B. Daniels, Robert A. Lee.

TO HOLD BANQUET

SAN FRANCISCO, May 30.—One thousand members of the Chamber of Commerce of this city, the seating capacity of the great Palm Court of the Palace Hotel, will attend tonight the annual banquet of the association. Patriotism will be the keynote of all the speeches and the committee in charge has planned the entire affair to be a great patriotic demonstration.

Among the public speakers well versed in national affairs who will address the diners will be Dr. Newell Dwight Hillis of New York, and James A. Emery of Washington, D. C. Frederick C. Foster, president of the Chamber of Commerce, will preside as toastmaster.

Dr. Hillis will be present at the request of the United States government and is co-operating with the American Bankers' Association and the National Association of Manufacturers in the present national crisis.

ROW OVER KAISER

CHICAGO, May 30.—"My husband said the Kaiser would commit suicide within nine months and I said he would not and the argument grew so hot I took our six-year-old son and left him." Mrs. Harvey J. Barnett informed Judge Steik in the Court of Domestic Relations.

"The Kaiser can take care of himself," the judge replied. "You go back to your husband and if I hear of either one of you discussing the war again I'll send you both to jail."

EXPORTS OF YEAR

WASHINGTON, May 30.—Exports from the United States fell off \$24,000,000 in April from the March figures. It was announced today by the Department of Commerce. April exports were valued at \$320,000,000. March exports were valued at \$344,000,000. However, for the twelve months ending April 30 the exports reached a total valuation of \$3,600,000,000, which is greater by \$2,000,000,000 than any previous export total for a twelve months' period.

No State Is Needed Now! Oakland Is "Just Oakland"

Oakland is firmly established so far as the United States Postoffice is concerned. Where once it was confused with other Oaklands, now it is so well known that even in Massachusetts the conservative, when the word Oakland is mentioned, it is understood to mean Oakland, California.

Proof that all of the other twentynine claimants to the name Oakland scattered throughout the United States must yield respectful obedience to the material families of them all, was contained in a postal card sent out from the Belgian Tobacco Fund headquarters in London on May 5.

The card was addressed to "Oakland, Mass." to the Oakland Box Factory. Some postmaster, who like every true Oaklander, believes that the name Oakland should be as familiar in Europe as New York, Washington or San Francisco, received the card away up in the neck of Massachusetts. He merely scratched off the name of his state, leaving the address

SAYS WAR MEANS DEATH OF SNOBS

By Elinor Glyn.
Author of "Three Weeks" and Other Novels.

LONDON, May 30.—Only one thing will count after the war. That is character. I used to be an anti-suffragist and the most arrogant of conservatives. Now I am a suffragist and a democrat. This war meant the death of cult and snobbery, except the snobbery of brains. That will never die, and perhaps it is worth preserving.

But the reverence for blood and family and position which made people accept almost anyone with these has been destroyed. The knowledge of how to suffer and be strong, the adaptability to fit oneself to one's surroundings, are not the prerogatives only with these with tradition and breeding, generations of both, behind them.

Today, more than ever before, women are true to themselves, and one can write truth of them. They are dropping intrigue, petty deception, the subtlety which was a heritage from the time when they had to use these weapons against brute force. The dramatic instinct and hysteria they revelled in are gone forever.

I used to think women had not sufficiently proven their worth and ability to be given a vote. There were outstanding types of fine, splendid women, of course, but women as women en masse, seemed to me not fitted for great things.

I know now I was wrong. They have had a great opportunity of proving their worth and they have not been found wanting. They have done wonderful things and the world will not have to be demanded; it will be given. I can vision them going on, accomplishing, achieving. One cannot set any bounds to what they may attain.

But most of all they must be true to themselves. I wish that could be a sort of Promethean fire in the souls of all of us.

By truth and concentration one can get all things, and above all things, happiness. The girl of the future has such a magnificent chance. She will start untrammelled by convention and tradition.

The war has made a new world for her. Social life will be greatly changed. Isn't it changed now? I know that if I like a person it does not matter to me who or what he or she is in life or what their antecedents may have been. I like them for what I get from them—brains, and force of character.

And dislike or hate—well, that must die. It is bad for anyone to hate, bad mentally and physically. The happiness that is yours will from the golden rays of the sun and you will be clad in shining armor against enmity and cruelty.

CATTLE SUFFER

SAN FRANCISCO, May 30.—The suffering caused thousands of cattle each year as a result of dehorning has led the State Humane Association of California to make an effort to stop the practice. It is claimed dehorning has been growing in favor due to a popular belief that dehorned cattle graze better, fatten more easily and sell for a higher price than horned cattle. The association asserts, however, that the lives of many animals are lost through the operation, as not infrequently infection sets in, and unless attention is given promptly, the results are serious. The horn of a grown animal is known to contain a mass of sensitive tissues, the severing of which causes acute pain and in every case suffering of intense character.

BOYS ARRESTED

With a large quantity of stolen brass and other metals in their possession, Joseph O'Neill, 277 Twenty-seventh street and Fred Williams, 889 Seventy-first street who have been missing from their homes recently, were found in a vacant house at Nineteenth and Franklin streets last night by Inspector Charles Huntley and placed under arrest. The location of the boys and their cache has cleared up a number of thefts that have been committed recently, according to the police.

BIG RUSS ORDER

NEW YORK, May 30.—Russia has placed an order with American manufacturers for 600 locomotives to cost approximately \$25,000,000, and 10,000 cars at \$15,000,000. It was reported in financial circles today. Contracts have not yet been signed, but all preliminary arrangements, it is understood, have been completed. This is said to be the largest single order for railroad equipment received in this country.

PROBING SALE OF NEWSPAPER PRINT

LOS ANGELES, May 30.—Making an exhaustive examination of the manufacture and sale of newspaper paper which will extend along the entire Pacific coast, Francis J. Heney, as special attorney and investigator for the federal trade commission, today sought from newspaper publishers of Southern California information concerning prices they have paid for print paper during the last year and the contracts they now hold. Heney is empowered to examine books, contracts and other papers of any business concern engaged in interstate commerce and to examine witnesses.

The inquiry was said by Heney to be in pursuit of the same purposes as the federal trade commission's investigation of the newspaper industry east of the Rocky Mountains, which resulted in the indictment of six of the largest manufacturers and an arbitration agreement, under which manufacturers agreed to sell at prices fixed by the commission.

DISTRICT RAZED BY GERMANS IS NOW IMPROVED

PARIS, May 30.—After two months of intensive work by the military and civil authorities in the district devastated by the recent German retreat, a distinct improvement is beginning to be observable, says a semi-official statement today.

Civil life is gradually being resumed, trade is showing signs of revival, and there is a general reawakening of the agricultural and economic activities of the region as the work of reconstruction goes forward. The bringing in of seed for the farmers has permitted the planting of considerable tracts of land, and the army has given assistance by lending the workers horses and harness for agricultural uses.

Mechanical tractors are giving marked aid and give promise of much further assistance next year.

HIGH FINANCE DEAL IN BEANS

High finance involving a deal in beans back in Michigan has led to the arrest in Emeryville of Lee Post, a young broker who is accused by the Greenville, Mich., State Bank of forging a fictitious bill of lading on a shipment of beans on which he collected \$4,000. Post left Michigan and came to Oakland. He was engaged in promoting a new concern known as the Flood Canning Company when he was taken into custody by private detectives and Inspector Harry Orbell.

According to the police Post has admitted the offense and will waive extradition to return to Michigan with the officers.

ON THURSDAY, MAY 31st

The Regular End-of-the-Month

Half-Off Sale

—A monthly clean-up of broken lines, odds and ends and remnant lengths which, together with many special purchases secured at great price concessions, comprise a tremendous amount of merchandise, in which nearly every department of the store is represented.

—And, as always, the merchandise in the special purchases has been marked at the prices regularly obtained for articles of like quality; then for the last day of the month the prices are cut to half.

—Whatever may remain unsold at the end of the day (an insignificant quantity, if any, as a rule) goes back in stock at double the price asked in the Half-Off Sale.

Dresses, Suits and Coats at Half

615 garments, duplicates of which have sold right up to Tuesday night at double the prices to be asked tomorrow

—All from The White House regular stocks—including, quite likely, more than one garment that you have been hoping to get.

—245 suits, among which are exceedingly dressy affairs of silk and of wool as well as the more practical street suits and the sports models. \$13.25 to \$67.50 on Thursday for suits heretofore priced \$26.50 to \$135.

—715 dresses, in models for street, afternoon and evening wear, \$6.25 to \$72.50; until last night they were \$12.50 to \$145.

—55 coats—models for sports and for street wear—silks as well as wools—\$7.50 to \$33.75; heretofore \$15 to \$67.50.

Second Floor.

Waists at Half

—Hundreds of fresh, dainty waists of domestic manufacture—voiles, crepe de chine, Georgette crepes and embroidered linens—regular \$2.45 to \$15 grades at half.

—58 French waists—crepe de chine, Georgette crepes, nets and sheer linens. \$12.50 to \$23.75; heretofore \$25 to \$47.50.

Second Floor.

Sweaters at Half

—Women's wool sweaters in all wanted weaves and colors—the \$6.75 to \$27.50 grades at half.

—Pure silk sweaters of the \$22.50 to \$45 grades at half.

—Others of artificial silk—\$6.75 to \$18.50 grades, at half.

WOMEN WILL ATTEND FOOD CONFERENCE

A food conservation conference between housewives and farmers of Alameda county is to be held at the Hotel Oakland tomorrow afternoon under the auspices of the food supply committee of the Oakland Chamber of Commerce, appointed recently at the request of Governor Stephens.

The conference will consist of delegates from all of the city's various organizations of Alameda county, who have been sent invitations, and the twenty-one directors of the Alameda County Farm Bureau.

Marcus A. W. Lee, farm adviser from Hayward, will preside. Members of the Board of Supervisors have also been asked to attend as members of the County Council of Defense.

The meeting, which will open at 4 p. m., will not be in the nature of an effort to "speed up" the farmers, but for the purpose of mutual information regarding the production and handling of foodstuffs of all kinds. Housewives will receive information in market conditions and productive capacities and the farmers will learn of the housewives' needs.

FIGHTER INVESTS

EUGENE, Ore., May 30.—Sergeant Clement Bragg, United States Marine Corps, has been one of Uncle Sam's fighting men for four years. His term of enlistment expired yesterday. He received a check for \$450 back pay with his honorable discharge papers. Today he invested \$300 in Liberty bonds and left for Portland to re-enlist for another term.

POLES ON MARCH

DETROIT, May 30.—More than 5000 Polish residents of Detroit, bearing banners denoting allegiance to America's cause, marched with Civil War veterans and other organizations in the Decoration Day parade. When the parade was completed about 100 of the Polish marchers enlisted in the army and navy.

Liberty Loan Campaigners Busy; Urge City to Action

Bankers Aid in Move to Sell Bonds Here

Have you subscribed? Is your name on the Liberty Bond roll of honor?

Have you "done your bit" toward crushing German autocracy and all that it stands for?

The big factor in modern warfare are men and money.

If you can't offer yourself and your son, offer your dollars.

Your countrymen are giving their lives—you are only asked to lend your money.

On the eighth floor of the Syndicate building a corps of men and girls are keeping tab on the Liberty bond subscriptions that constitute Alameda and Contra Costa counties' share toward the great Liberty Loan of two billion dollars.

An equally enthusiastic corps of energetic bond salesmen are engaged on the outside in rounding up patriots who realize that it is their duty to buy Liberty bonds.

The first reports of this flying corps of volunteer salesmen came in last evening and were most encouraging.

The downtown office buildings are being canvassed from cellar to garret. The subscriptions brought in yesterday came from lawyers, doctors, dentists and others.

Eventually the work of these trained bond men will be extended through Alameda and Contra Costa counties.

Their instructions are to accept checks in payment for either the 2 per cent, which must be paid with subscription, or the full payment of \$50 or \$100 bond (the only denomination of bonds which can be paid in full at the time of the subscription) made payable to the order of the bank upon which they are drawn.

Whenever a subscriber desires to pay in cash he will be directed by the solicitors to carry his application and cash to some bank. The solicitors are not going to solicit cash payment.

DISTRIBUTION MANAGER.

H. H. Fair is distribution manager for the Liberty Loan Committee for Alameda and Contra Costa counties. He has charge of the bond solicitors and is keeping a record of the subscription turned in.

These bond men are impressing im-

Liberty Loan Spells Immediate Prosperity

What will be the effect on business of the successful subscription of the \$2,000,000,000 Liberty Loan? Do not worry, you manufacturer, merchant, employee.

The immediate effect in every war has been that business should be stimulated to the last degree.

Every railroad, every mill and factory, every mine, every farm, will be pushed to its utmost to meet the increased activity caused by the government coming into the market as a buyer on an enormous scale.

War for the next three years as regards business would mean a kind of concentrated "prosperity" the lavish spending of vast sums of money on our industries by our government.

The cost will come in loss of our young men, in waste of money, in unproductive lines and for the increase in increased taxation. But the cause of civilization is worth the cost.

A large over-subscription to the Liberty Loan will shorten the war, because he fears any possible business depression in the immediate future.

Subscribe today at your bank or at Liberty Loan headquarters, room 809 Syndicate building.

Important facts on the citizens who are asked to buy Liberty Bonds, not only in the name of patriotism, but as a business investment.

To the retired business man, living on his income, they say:

"The money you subscribe for Liberty Bonds will be spent to protect those properties in which your money is invested. You cannot expect to have your property protected from the hazards of war at the expense of your neighbors more than you can expect to have your properties similarly protected from fire hazard."

To the employer of labor they say:

"This money subscribed for Liberty Bonds is to be used to help protect your plant, building and equipment; the investment of the government credit of \$2,000,000,000 will permit the maintenance of the present volume of business in this country. Your purchase of bonds will be of personal service."

To the employee they say: "There can be no permanency of employment unless our country—your country—and our industries are protected."

And to all they point out that patriotic demands that they buy Liberty Bonds and that these bonds are good investments, paying 3 1/2 per cent interest and are free as to principal and interest from all federal and state taxes with the exception of estate or inheritance taxes.

BOND IS SAVING.

A. C. Kains, governor of the Federal Reserve Bank for the Twelfth District, said today:

"I should like to impress upon the public that the Liberty Loan has to be taken up by the United States out of the savings that they are going to make. The savings that have been made are all expressed in the things that we see around us: buildings, good roads, etc., and everything that we have to make life pleasant. But we have got to increase our output of everything and this is a period of inflation."

"Things will go up in price as soon as the operation is consummated. As practically no money goes out of the United States, it has got to go somewhere. It is going to go into the hands of the people. The increased ratio, and every bank instead of having smaller deposits will have larger deposits. We may think this is a very large operation, but as compared with what has already been done by other countries, it is not a market yet."

"Probably England has already done two or three times what we have done. I am not just familiar with the figures at the moment, but it is not, although we may think it is, a great thing in comparison with France and England. And there is also the question of what might happen if the thing were not a success. We do not want to be a subservient nation. For my part, I am willing to give up everything I have for freedom."

SUBSCRIPTIONS LARGE.

NEW YORK, May 30.—As a fitting token to the memory of the war heroes, the nation honors today, the Liberty loan publicity committee announces that Liberty loan subscriptions for the last twenty-four hours total \$131,000,000 with the figures for the Far West and South not yet available.

Frank A. Vanderbilt announced that one bank in New York had taken \$500,000 for itself and customers and that the National City Bank, of which he is the head, hopes to beat that figure. Yesterday's total included three subscriptions of \$10,000,000 or more, two by Boston banks and one by a New York bank.

Underneath the Liberty Loan, \$2,000,000,000 announcing he would have to borrow most of the money.

CAPWELL SPEAKS.

H. C. Capwell made a plea to the Advertising Bureau of the Oakland Chamber of Commerce yesterday for Liberty bonds as a part of insurance.

"You buy life insurance or fire insurance," he said, "but you don't collect until you die or your house burns down. Buying Liberty bonds is merely buying insurance against loss of property, against loss of life and against loss of opportunity to continue to live our lives in our own American way. And you collect on these bonds when they mature, and you collect interest in the meantime."

"You may pay enough now to defend yourself—or you may pay many times the price of the Liberty loan to our conquerors."

"If we fall down, it will be an advertisement to the people on the other side that they can dominate because we are weak-kneed and white-livered."

"If Russia blows up—as many think it will; if Italy goes hungry and cold, seems now probable—if France gives up her last drop of blood, which is not beyond the range of possibilities, England will be brought to her knees and the conquerors, the central powers, will seize British North America and colonize it with Germans, Austrians, Hungarians and the people of their allied countries. Then indeed Americans will pay many, many times the amount of the Liberty loan to maintain a military establishment that the Teutons might not take away our boasted liberty for all time to come."

J. R. Munsell, superintendent of Bradstreet's, also spoke, giving his impressions of the Chicago trade extension trip.

SCOUTS WILL AID

CHICAGO, May 30.—Eight thousand Boy Scouts will be enlisted in the campaign to sell Liberty loan bonds here, it was announced today, following a meeting of leaders last night at which pledges of high citizenship were given in the financing of the war were given. The local movement is said to be the outgrowth of a similar one in New York and other Eastern cities, where it is asserted the Boy Scouts were able to do better work among the small investors than were the highly trained salesmen.

NEW PROTESTS MADE ON RATES

WASHINGTON, May 30.—Shippers from Vermont to Texas today added their protests against the proposed 15 per cent freight rate increase at the Interstate Commerce Commission hearings.

From the South and Southwest came a combination of arguments from fruit and lumber dealers; from New England representatives of the state and allied industries brought protests.

A compilation made by the eastern railroads represents 55 per cent of the eastern manufacturers, merchants, boards of trade, banks, business associations and individuals who have sent letters or telegrams on the subject to the commission as urging an immediate increase.

The same compilation shows 75 per cent of the communications as favoring the general advance of 15 per cent. Five hundred communications, the railroad compilation shows, as coming from the important eastern traffic centers and showing the full 15 per cent increase. Only 7 per cent are shown by the railroad figures as being against the increase.

The general effect of the statistics prepared by the roads from the commission's records is to show that an overwhelming majority of the shipping interests recorded favor giving the railroads higher rates.

FLOODS ARE NEAR

HELENA, Mont., May 30.—The waters of the south fork of the Sun river stands 18 inches deep in the streets of Augusta. Gilman is isolated but not inundated, standing on higher ground. Colder weather is checking the flood.

GIRL WILL FLY ACROSS AMERICA; TO DROP 'BOMBS'

NEW YORK, May 30.—Plans are being completed here today for a ten-day flying trip across the continent by Miss Ruth Law, who will drop paper bombs on all the larger cities and towns on her route boosting the Liberty loan.

Miss Law is expected here tomorrow from Cincinnati where she is flying this week, to arrange financial details. She will start the trip in a day or two.

ST. MARY'S PLANS MINSTREL SHOW

A minstrel show, under the management of James Dunne, will be given Friday evening, June 8, at St. Mary's College, Oakland, for the benefit of St. Leo's church, of which Rev. Owen Lacey is rector, to be followed by dancing, under the auspices of the Piedmonters.

The minstrels who will take part in the show are: Frank Galvin, Dick Glasman, Joseph Getner, Frank Fields, Frank Flynn, James Murray, Interlocutor, William (Fat) Larue, balladists, Frank Campbell, James Dawson, Henry Taylor, J. D. Thomas, William Larue.

The Young Ladies' Sodality of St. Leo's will assist in the chorus.

The following officers of the Sodality are working hard for the success of the show: Daisy Keller, Bessie Johnson, Marie Connor, Loretta Kennedy, Amy Theobald, Police Nichols, Teresa Piloni and Honore Fleming.

HUSBAND MISSING.

Fred Dunne, 748 Fifty-ninth street was reported as missing by his wife to the police today. Mrs. Dunne said that her husband left home yesterday morning with a truck load of butter and eggs and that she has not heard from him since.

FIREMEN AIDING FOOD PROTECTION

Oakland's fire department is working hand and hand with the National Board of Fire Underwriters in taking steps to conserve vital resources by protecting stores of food supplies from unnecessary loss by conflagration. Fire Chief Elliot Whitehead stated today.

Inspection of mills, factories and warehouses has been carried on under the direction of the firemen for the purpose of eradicating possible sources of fire. The city has been "cleaned up" as it were, so that the chance of conflagration is greatly diminished. The instruction has been carried into the public schools, where fire brigades have been organized. This work is estimated by Chief Whitehead to be of incalculable value for the reason that the boys and girls are shown methods of fire prevention which they may put into effect in their homes.

"Oakland's fire loss per capita for a year is \$1.39, the lowest of any city the same size in the country," said Chief Whitehead. "It is a record to be proud of and we are endeavoring to maintain it in every way."

For the protection of property along the city waterfront, wharves and warehouses, Commissioner F. F. Jackson is asking that the new budget for the department include \$25,000 for the purpose of a fireboat.

BOYS' FARM CORPS WILL START WORK

TRIBUNE BUREAU, 2015 SHATTUCK AVE., BERKELEY, May 30.—Troop One, Agricultural Corps, will leave Berkeley about June 5 for farm work in the country. The name is that which Troop One, Boy Scouts, of Berkeley, has assumed. The members of the troop have offered their services as a unit for special work on ranches during harvest time, especially fruit work, and are making their preparations now for departure. The college of agriculture of the University of California will have full charge of the schedule of work and its location.

This will be the second group of boys that Berkeley sends into the fields to offer emergency war assistance to the farmers. Two score others, students of the Berkeley High school, are now at work at Antioch.

Special flag raising exercises are to be held by all the Boy Scout organizations of the city this evening at the university grounds at Shattuck avenue and Center street. The exercises will begin at 7 o'clock. Following the ceremony, which will conform with the regular procedure of the Boy Scouts, addresses will be made by Prof. W. E. B. Dyer, president of the Board of Education, and A. W. Klutznick, field scout commissioner.

TO AID BONDS.
Of one more job for the local Boy Scouts, R. O. Smith, executive, is informed in a letter from the Treasury Department at Washington. This states that 15,000 pieces of Liberty Bond literature are being distributed to Berkeley for distribution. The Boy Scouts are asked to get the literature ready for distribution by June 15 to 18.

The Liberty Bond campaign committee, of which W. F. Morris is chairman, has completed its arrangements for the local campaign for the bonds. Business houses, factories, schools and universities and private homes are to be thoroughly canvassed by the committee. A Liberty Bond Day is to be set aside when special patriotic programs will be given. Merchants will be asked to devote part of their advertising space to the bonds. The campaign is being conducted by the committee, which has begun the purchase of one or more bonds, will be put into effect. Banners are to be strung in public places advertising the issue.

Much enthusiasm for the local Y. M. C. A. campaign to raise \$400 for the nation fund for moral and religious work among the soldiers in camp today followed the luncheon held at the Hotel Shattuck which drew a large attendance. President E. F. Louideck, of the Chamber of Commerce was chairman. Among the speakers were Frank A. Jackson, R. E. Ellis, Wellsbury, Captain W. B. Burtt, U. S. A., Mrs. Thomas H. Larke, Admiral Charles F. Pond, Judge William H. Wast, U. S. A., E. B. B. and Mrs. Frederick T. Robinson. Letters were read from Dean David P. Barrows of the university faculty, Major-General Hunter Liggett, U. S. A., who was represented by Lieutenant R. W. Rieckhoff, and others.

TO WAGE CAMPAIGN.
To carry on the campaign for the \$400,000, which Secretary Frank A. Jackson of the local Y. M. C. A. expects to be exceeded, the following committees have been appointed: Manufacturers, C. C. Newkirk; computers, Fred G. Atherton; and Oscar T. Barber; defense corps, William H. Wast; and others.

King of Berkeley Buzzards Is Dead No One Left to Cry; 'Long Live King'

TRIBUNE BUREAU, 2015 SHATTUCK AVE., BERKELEY, May 30.—The king is dead and there is no one to cry. "Long live the king," for there are no more buzzards to be king of, and certainly no one else who could be so fit a monarch for them as Matthew Farley, alias Pat Muldoon. His body was found by neighbors in a vacant lot at the Southern Pacific crossing at Virginia street yesterday afternoon. They said he had died from exposure. Deputy Coroner Frank A. Berg has taken the remains in charge, and since no relatives of the deceased could be found his funeral will be conducted by the county.

Muldoon—his always liked to be known by that name rather than by his more legitimate one—ruled for years as king of the buzzards. There were several buzzards in the first place, he had a black jack off Third street, where the buzzards could have their headquarters, and in the second place, he could not only make the best muldoon stew in West Berkeley but he could make it out of few apparent ingredients than any one else.

The buzzards were not a constant quantity, by any means. The living to be made by picking up the bones of anything else that lay loose along the Berkeley bay shore was not always sufficient to enable them all to live. So they would be found in the city, as many as fifteen at a time, and the king's brood. Sometimes the police intervened, and the king would be found dead with him. But for years they never entered West Berkeley, but they went to the south of the city, and there Muldoon welcomed them.

WARNS RUSSIA AGAINST BRITISH

AMSTERDAM, via London, May 30.—George Bernhard, in the Tschische Zeitung, tries hard to prove to the Russians that England is really Russia's enemy and that an equally weakened Russia and Germany would best suit England's book. He continued:

"The United States has consistently supported England's standpoint. On various occasions we personally discussed peace aims in detail with Ambassador Gerard, the last time before his departure. He emphasized to us, not once, but repeatedly, that President Wilson felt the greatest interest in the restoration of Belgium, that the United States would raise no objection to German annexation in the East."

Herr Bernhard advances the foregoing as clear proof of the complete indifference of Russia's allies to her claims. He hopes that Russia will soon realize this fact. He adds: "American financial interests are already getting their firm and octopus-like grip on Russia's economic life. Instead of developing the national economic system so ardently desired by Russians, their country will soon be like a lemon-squeezed dry by the Americans. It is Germany alone that can save Russia from such financial serfdom."

CREATE SECTION
WASHINGTON, May 30.—With its general policy of stimulating food production, the department of agriculture has created a new section in the bureau of entomology, to be devoted to the study of insects that destroy stored food crops.

DOCK & DECK
Schooner C. S. Holmes, now at Tak-hiti for an overhauling, is not making her trading voyage to Point Barrow and the Arctic this year, but is to accept a charter in this port. The Holmes sailed from Seattle November 2, 1916, with a cargo of lumber, canned salmon and other freight, and arrived in Wellington on January 25 last. She sailed from here for this port on March 1 and came here after a voyage of eighty-one days. She is owned and operated by Captain John Backlund, who has explained the long voyage from Wellington by saying that the vessel was beset with calms and contrary winds that kept her on the trip. The Holmes will be put in better shape than she has been in years and will make this port her home port for an indefinite period.

WOODEN VESSELS DISCUSSION.
Theodore E. Smith, architect for the United States Shipping Commission in New York, has given out some of the specifications for new wooden vessels. The proposed standard ships are to be 221 feet 8 inches in length and 283 feet between perpendiculars. The beam will be 45 feet and the depth 26 feet. They will have single decks and open hold and "tween decks and their dead weight capacity will be 3500 tons, with a draft of 23 1/2 feet.

They will be in the neighborhood of 3000 tons. Wing girder keelsons are to be used in the hulls. The center keelson and the hull is to be strengthened with two rows of pillars. Further strength is to be obtained by a system of diagonal steel bracing. No knees will be used, but the decks will be secured by clamps and shelf timbers. Separate designs have been made for use of yellow pine and Douglas firs. In each case about 1,500,000 feet of lumber, board measure, will be required. Each vessel will have four masts, two main and eight cargo booms. The engines in some cases are to be combustion oil, but the majority of the ships will have steam power. The engines or turbines will deliver approximately 1400 horsepower to a single screw. The latter will be 15 feet in diameter. The vessels will have a normal speed of ten knots an hour, which in an emergency may be increased to eleven and a quarter knots. Accommodation for crew of thirty and additional accommodation for twelve gunners to operate fore and aft guns. There will be wireless and other radio devices. A standard form of contract for cost of work plus a certain sum for profit has been abandoned and all contracts will be let on a lump sum basis.

Captain John Canfield, formerly of the revenue coast guard service, has been assigned to the command of the patrol cutter McCulloch. He succeeds Captain Wiley, who goes to Puget Sound for similar duty.

Steamship companies operating in the coastwise trade have granted an increase of 10 per cent to all navigating officers, under the rank of master. The raise is to become effective immediately and follows one secured by crews of vessels on coast route.

GOVERNOR FORBES ON DOCK.
The Norwegian steamer Governor Forbes, looking as spry and span as a model in a show case, is on the dry-dock at the Union of Iron Works in Alameda. She arrived Sunday from Calista, Calista via San Pedro, with 2500 tons of nitrate. She is to be sold to the same company for Mexico and South America. The Governor Forbes registers 1186 tons and is commanded by Captain Christensen.

U. S. TO END STRIKE BY SEIZING PLANT
WASHINGTON, May 30.—Unless the strike at the plant of the Newport News Ship Building Company is settled immediately the Navy Department will take over the plant to prevent the construction of two battleships now building in those ship yards it was stated today.

The battleships Maryland and West Virginia, two of the four dreadnaughts now under construction, are being built at Newport News. That plant also has contracted to build two of the four new battle cruisers, the first contracted for the United States Navy.

The fact that today is a holiday at the ship yards is being taken advantage of by naval construction chiefs to effect a settlement of the strike. If this fails, the Navy Department will give serious consideration to more drastic action.

VOTE FOR NOISE
STOCKTON, May 30.—Tired of safe and sane Fourth of July, Stockton will return to the noisy firecracker celebrations of bygone years in 1917. Mayor A. C. Sullivan announced he had received assurances from the State Council of Defense that firecrackers were not to be considered as explosives and may be used without violating the terms of President Wilson's proclamation prohibiting the sale of fireworks to those in their possession. The city council will limit firecrackers to those not over one and one-half inches in length.

SHARON ATTORNEY'S CONTRACT SHOWN

SAN FRANCISCO, May 30.—Threatened by Superior Judge Coffey with the court's wrath unless he produced his contract with Frederick Wallace Sharon, claimant to half the late F. W. Sharon's estate on allegation of adoption, Attorney James M. Oliver has opened to the glance of publicity the terms on which he accepted the case.

Originally the contract had been made between Attorney Walter H. Linforth and Sharon, but this legal advisor withdrew from the case some time ago, signing his share of fees to Oliver. By Linforth and Attorney James M. Ashton of Tacoma, but later Oliver and Ashton, were to split half the proposed winnings between them. Should young Sharon win his claim to one-half of the \$2,000,000 estate, he was to receive \$800,000, while each of the attorneys divided the other half between them.

In the contract Ashton and Linforth, later Ashton and Oliver, bind themselves to pay all obligations of suit, including attorney fees. Accompanying the contract was an assignment by Linforth of all his interests in the case to Oliver. Previous to this time attempts to obtain the contract for parol by the court and the other side had been fruitless. Although his attorneys were somewhat hesitant about showing the contract publicly, young Sharon showed willingness and the paper was at last exhibited.

H. M. Willis, former state senator from San Bernardino, and one time a district attorney at Phoenix, Ariz., denied yesterday on the stand that he had been forced to resign from the United States attorney's office, Southern district, under fire. He said that a disagreement with a superior officer had brought about his resignation. Willis is a witness for the claimant.

SAW BATTLESHIPS SUNK BY DIVERS

"Censorship and concealing the news of war failures from the people, would be the gravest mistake this country could make."

So declares Max Le Hoen, champion rifle shot, theatrical star and automobile racer, who is in Oakland after one of the most remarkable trips ever made to the European war zone, when he and his wife, known to stage fame as Leone Dupree, entertained the French soldiers in improvised theaters back of the trenches. Le Hoen saw three battleships of the British torpedoed off the Isle of Wight by German submarines that sneaked into the channel between destroyers set on guard. The English public never learned the news. He has been wounded in Zeppelin raids.

"Hundreds were killed," he said, "in one that I was in. I felt that I had merely announced that twelve women and children were killed. When in the Isle of Wight, visiting relatives, we saw three battleships blown up by a submarine. The U-boat was later captured. I never saw the papers allowed to print of the destruction of their ships and the grave failure of their navy to keep out the enemy. How the submarine ran the gauntlet no one could explain—no one had to for the people did not know and so could not call their officials to account."

Le Hoen, who is a Californian, and whose home is in Fresno, is in Oakland after a trip to France, returning a Panatier engagement before returning to Fresno to rest. He and his wife traveled the length of the western front. They appeared before thousands of soldiers in their vaudeville act, and minutely observed conflict in Paris and London. They were the hero and heroine of the story: "Roughing It In Europe," recently appearing in the Saturday Evening Post. The Panatier star was the "Lon" of the story, and Billie, the champion woman rifle shot, was Mrs. Le Hoen.

PATRIOTIC RALLY PLANNED SUNDAY
A patriotic rally is to be held next Sunday at Shattuck Park, the appeal being two-fold—allegiance to the United States and for the liberation of Ireland. The Irish patriotic organization, will be hosts for the occasion. The entire proceeds of the day will go to the fund for the undying movement to liberate Ireland.

There will be a field and track meet under the rule of the Pacific Athletic Association and a series of bicycle races directed by the California Associated Cycling Clubs.

P. J. Kelleher is to be the chairman of the day.

MISS CLEVELAND GOES TO FRANCE TO AID WOUNDED

TRIBUNE BUREAU, 2015 SHATTUCK AVE., BERKELEY, May 30.—The University of California is to lose Miss Maude Cleveland, director of the women's gymnasium and assistant professor of physical education. Next Friday Miss Cleveland will leave for Paris, where she will engage in work for the wounded soldiers of France, expecting to remain in this service during the rest of the war.

Miss Cleveland's passports, she learned yesterday, have been finally arranged. She will secure them at Washington, where she will stop on route. She will also be in New York for several days, taking a steamer there for the Continent.

In Paris Miss Cleveland will join an organization known as Les Bleuses au Travail, which has been organized by the French ministry of war, the president of the republic and Mme. Simone. It has twelve branches throughout the country, which devote themselves entirely to the disabled soldiers of the republic, rehabilitating them, taking care of their families and, if possible, finding work for them after their recuperation. The organization is said to have accomplished much good during its existence.

Miss Cleveland was graduated from the University of California with the class of 1909, and is a member of Kappa Alpha Theta sorority. Following her graduation she studied physical education in the East, and returned to be made director of women's physical education in the university in August, 1914, succeeding Mrs. Geneva Magee. Her position in the faculty will be taken, at least temporarily, by Miss Ruth Elliott, instructor in physical education.

TO HONOR LEADER
Mrs. Sturtevant Peet who, for seventeen years was state president of the Women's Christian Temperance Association, will be honored at a reception tomorrow afternoon by the East Oakland Union. More than seventy-five guests will meet her at the residence of Mrs. Carrie Judd Montgomery in Benlun. An interesting program of music and addresses has been arranged. Mrs. Jallett Jones, president of the East Oakland branch.

WANT CAT LICENSE
NEW YORK, May 30.—Professor W. G. Sheppard of Columbia University, discussing the attitude of the United States toward England in the Caribbean, before the national conference on foreign relations at Long Beach, N. Y., today, said that geographically the islands belonged to America. He declared that if Great Britain and France "are to derive material compensation from victory rendered certain by the opportune aid of the United States, it would be only fair and just that they should turn over their own Caribbean possessions to this country as a token of gratitude for our support."

DIES FROM GAS
ALAMEDA, May 30.—Mrs. B. L. Shain died last night at the Alameda sanatorium, after a long illness. She is believed to have ended her life, owing to failing health. She was found unconscious on the kitchen floor of her home at 818 Eagle avenue last Friday, the room being filled with gas from a pipe.

\$700,000,000 PAID FROM REVENUE BILL

WASHINGTON, May 30.—The printing of the \$1,800,000,000 war revenue bill by the Senate finance committee has been practically completed. The committee has struck from the bill provisions calculated to raise approximately \$700,000,000, but it expects to recommend substitutes to yield \$400,000,000 annually, so that the net reduction will be about \$300,000,000. Senator Simmons, chairman of the committee, is spending the holiday with treasury department statisticians figuring up the total of the bill as it now stands. He is confident that the total will be approximately \$1,500,000,000, which is about the figure which the committee had in mind when it began consideration of the bill.

The main points of the bill now having been definitely agreed upon by the committee the redrafting of the measure will be begun tomorrow, when the committee resumes its sessions. It is the intention of the committee to have the bill ready for a report to the Senate on June 7.

Further attempts to cut the amount of the bill to be levied by the committee are far down as an even billion dollars are anticipated when it is taken up by the Senate.

Some of the large items stricken from the bill by the committee are the levies of \$108,000,000 on 1916 incomes; \$200,000,000 on excess profits on the basis of capital invested; \$300,000,000 on electric gas and telephone service; \$118,000,000 on gross sales on manufacturers of certain articles and \$200,000,000 on imports. In lieu of the excess profits tax, the committee will recommend a new levy based upon average profits for a period of probably five years, expected to yield approximately \$350,000,000. New stamp taxes and a horsepower tax on automobiles probably will be recommended by the committee to place the gross surplus tax and to meet the deficit caused by striking out the tariff increases, an excise tax on coffee, tea, sugar and cocoa will be urged.

LOSSES INCREASED

LONDON, May 30.—A German dispatch forwarded from Amsterdam by the Exchange Telegraph says that at the annual meeting yesterday of the Austrian Lloyd Shipping Company it was stated that the company's losses in 1916 were more than 3,000,000 kronen. This figure already has been exceeded in the present year. The directors believe the company's ships interned in America must be considered in amalgamation with the leading German lines has been attempted, but without success thus far.

"When my baby first became ill I noticed a tiny pimple on one of her cheeks. I paid no attention till it became worse, and I was told it was eczema. The pimples became red and finally spread over her face and became a hard crust like scale. It was very irritating and itched a good deal, and she was disfigured while she had it. She kept me awake nights and I got discouraged and worn out."

"When I read of Cuticura Soap and Ointment I sent for a sample. I purchased more, and in six weeks she was healed." (Signed) Mrs. Robert Coppe, 160 W. Central Ave., St. Paul, Minn., August 28, 1916.

While Cuticura works wonders in most cases of skin troubles its properties are so mild and so delicately combined that it is also ideal for every-day use in the toilet, bath and nursery.

TEN CALIFORNIA SCIENTISTS WILL TEST INVENTIONS

SACRAMENTO, May 30.—In order that new war-time inventions which possess merit may be brought promptly to the attention of the proper authorities in Washington, the committee on scientific research of the State Council of Defense has just named a special committee to be made up of ten of the best-known engineers and scientists in California to pass upon such inventions. The new committee will be known as the Board on Engineering and Inventions. The ten men to compose the board will be chosen from among the best-known members of the Pacific division of the American Society for the Advancement of Science.

According to an announcement, the new inventions committee will pass upon all war-time inventions submitted to it, and whenever such inventions possess merit, transmit data and recommendations regarding them to the proper bureau or department head in Washington.

FLAG CEREMONY AN OHIO EVENT

AKRON, Ohio, May 30.—The raising of an American flag, the largest ever flown in the State of Ohio, and which had been purchased by the 18,000 employees of the B. F. Goodrich Rubber Co., Akron, Ohio, formed the nucleus for the biggest patriotic demonstration which has been seen in this State since the Civil War.

The flag was raised last Sunday on the Goodrich athletic field, and was intended primarily for a patriotic demonstration on the part of the Goodrich organization, but seconded by Mayor Laub, the citizens of Akron insisted on the privilege of participating with the Goodrich employees to make the flag raising a huge civic demonstration of loyalty.

In a special program to the citizens of Akron, in which he asked every one to participate, Mayor Laub said: "Let this be a demonstration by the people, of the people and for the stimulating effect that it will have upon the entire nation."

That the citizens of Akron responded with spontaneous enthusiasm to the Mayor's proclamation is borne out by a telegram from E. C. Tibbitts, advertising manager of the B. F. Goodrich Rubber Co., and just received by "Dick" Carroll, district manager of the big corporation, 401 Mission street. Mr. Tibbitts wired that 25,000 people crowded the Goodrich athletic field, and 100,000 more lined the route of march of the parade, which was three miles long. Every fraternal, military, civic and foreign organization in Akron participated. There were over 10,000 men in line headed by seven bands. The dedicatory address was delivered by the Hon. Myron T. Herrick, former Governor of Ohio and recent Ambassador of France. H. H. McKeehan of Cleveland also spoke. Ambassador Herrick, who has seen many a huge gathering, stated that it was the greatest patriotic demonstration that he ever saw. He emphasized the necessity of forgetting the difference of nationality, and to consider the fact that America is fighting for the democracy of the world.

One of the most impressive sights, and which prompted Ambassador Herrick's remarks, was a division in the parade composed of several hundred Goodrich men, some of whom had either been naturalized as American citizens, or have applied for naturalization papers. This division of men made a deep impression on Ambassador Herrick, and the Goodrich officials who were present as guests of their employees.

The Knights Templar took part in the parade in full regalia, together with the Knights of Pythias, the Odd Fellows and the Knights of Columbus, also in full regalia.

One of the features of the exercises was a ten-minute speech and recitation by an 8-year-old son of one of the Goodrich factory employees.

Colonel Roosevelt, who had been invited to speak at the flag-raising, was unavoidably delayed, but he wired a characteristic telegram which set the crowd wild. There were also telegrams from Secretaries Baker and McAdoo, Governor Cox of Ohio and Governor Goodrich of Indiana. Many other notable addresses also commended the patriotic action of the 18,000 Goodrich employees in purchasing the flag, and in starting a movement which culminated in the greatest, most spontaneous and most significant demonstration which Ohio has ever seen.

HEADS ENGINEERS

SEATTLE, May 30.—George M. Rice, railroad engineer of the Chicago, Milwaukee and St. Paul railway forces, will command the first battalion of the Ninth Regiment of Engineers now being recruited on the Pacific Coast, according to the announcement of Colonel J. B. Cavanaugh, commander of the regiment. Colonel Cavanaugh is here to complete preparations for mobilization of the regiment at American Lake June 1.

Rice has been a railroad builder for thirty years. In 1906 he was in Alaska and had a hand in the construction of the Copper River Railway. He was the engineer in charge of the construction of the Cascade Division of the Milwaukee railroad.

MAY END STRIKE

CALGARY, Alta., May 30.—A committee from headquarters of the United Mine Workers of America was expected to arrive here from Indianapolis, Indiana, to begin negotiations with mine owners in an effort to settle the strike of several thousand coal miners who are demanding increased wages. Most of the strikers have been out for several weeks, the last 800 laying down their tools May 1.

Reports received here from Ottawa were to the effect that if the committee fails in its efforts to bring about an agreement, the government will take over the mines and they will be operated under the direction of a commission.

A severe coal shortage in Western Canada probably would result if the strike were prolonged, according to officials.

Whooping Cough.
In this disease it is important that the cough be kept loose and expectoration easy. This can be done by giving Chamberlain's Cough Remedy. Mrs. P. H. Martin, Peru, Ind., writes: "My two daughters have whooping cough. I gave them Chamberlain's Cough Remedy and it worked like a charm." For sale by Osgood Bros. Drug Stores.—Advertisement.

FEAR BIG LOSS

REDLANDS, May 30.—Claiming that if the fifteen per cent increase sought by the railroads for their freight rates is granted it will work a heavy loss to the citrus fruit growers of the orange, grape and lemon growers of this

city today delegated a committee of two for a conference with the Interstate Commerce Commission at Washington. J. A. Stewart, traffic manager of the Mutual Orange Distributors, and State Senator Lyman B. King left for the capital this morning. They declare the industry will not stand the increase.

SUPPRESS HOBOES

That California is to be no heaven for hoboos during the progress of the war became known today when Sheriff Frank Barnett began setting afoot a movement to compel the vagrants to "fight, farm or go to jail." The Alameda county officer is president of the state sheriffs' association and through this organization, together with the chiefs of police organization, Sheriff Barnett hopes to do away with the tramp evil.

COTTON ARRIVES.
BOSTON, May 30.—A cargo of Egyptian cotton valued at \$3,000,000 was brought to Atlantic port by a steamer which for ten days, according to her captain, had dodged submarines in the Mediterranean sea.

PATRIOTISM
IS KEYNOTE
OF PAGEANT

As an appeal to patriotism last night's choral-pageant "America" in the municipal auditorium proved one of the most striking and potent demonstrations ever held in the east bay cities. Seven hundred participants joined in the thrilling spectacle, which was divided into three periods, showing the development of America and its ideals from the Revolutionary days until the present time. The Alameda County Chorus contributed in its full strength to all the choruses, taking the place of the customary orchestra. Belgium, France, Italy, Britain, Rumania, Russia, Serbia, China and Japan were represented in the great stage picture which concluded with a final pageant, "The Allies."

Intermingled in the kaleidoscopic groups were soldiers and sailors, Red Cross nurses, veterans of the Grand Army of the Republic, Ladies of the G. A. R. and the Women's Relief Corps, ambulance corps, doctors and farmers. Students of the Oakland Technical high school and the Oakland high school staged the opening pictures showing "The Spirit of '76" and "The Birth of the Flag." Plantation scenes were taken part in, in the second period, by the combined choirs of several churches and by the members of the G. A. R. in their uniforms.

Representatives of America's fighting forces, Red Cross and farmers and of the foreign societies made an impressive grouping in the picture of the third period.

Accompanying each stage picture, the chorus sang songs of the Revolution, of Civil War days and present day patriotic music. Talented soloists were also heard in patriotic songs.

The pageant was produced under the direction of George A. Cummings.

Letter to Mother First: "Inside" History Reaching City; Tells of Battles

Slashed by the shears of the censor and shorn of some sentences that were considered too revelatory, but still containing a vivid and interesting account of the beginnings of the Russian revolution by an eye-witness, a letter has been received by Mrs. S. E. Wolfkiel of 2819 Birdsell avenue from her son, E. R. Wolfkiel, who is in the employ of Gaston, Williams & Wigmore, an American firm in Petrograd. Wolfkiel, who was formerly with the Peerless Motor Company, went to Russia in February of last year and has been working there as a master mechanic.

His account of the stirring events is as follows: "19 Gogol St., Petrograd, March 20, 1917.

"Dear Mother: Long before you get this letter I hope you will have received my cable, and you will, of course, have read of the trouble in Russia.

"I will give you a little outline as I saw it. It was about the 9th day of March when we first began to notice much of the demonstration, but there had been talk of a revolution ever since I have been here. That day, in driving around, I noticed that the street cars were piled near the railroad station on the Nevsky Prospekt, or main street.

"Saturday we were working on Packard twin six cars—we had eight new Packards. One of the fellows at the office phoned for Tiny to come out and get him, as the street cars were not running. I had best tell those of us who were at the garage, then you will understand my story better. Grover Hart, who was a Cornell University man and football star, works in the office of Gaston, Williams & Wigmore. Fred Shaffer ("Tiny") was a Packard man. He went back to the United States last June and returned the first of January for the Pathfinder company.

"Arthur Shaw was a Remy Electric man, for several years and came over for the Studebaker company, quit them and went to work for G. W. & W. Shaw and his wife and baby and his wife's sister. Hart, Tiny and myself live in the

apartment over the garage of G. W. & W. Hart, Tiny and I started out with a Packard twin six to get Hart, as the office is about five miles from the garage. I was driving and we had a car with a stuck clutch which we could not beat.

"CROWDS EVERYWHERE. "Everywhere were crowds. There had been shooting on the streets between the police and the people. The police had taken one of the G. W. & W. office cars and the driver, and the office force wanted us to take them home. So I drove back to the garage and got another Packard that was in good order and returned. Hart and I went along.

"Everywhere the streets were crowded. Along the Nevsky Cossacks were waiting in squads of fifty or more, and in places the mounted police were whipping the people off the street, and the Cossacks were crowding them along with their whips. As I had to cross the street several times the place where I would get through one time would be completely blocked the next, and I would have to turn back.

"Finally an armored car was placed on the Nevsky by the police, and a lot of people (men, women and children) were moved down. That was the beginning of the end for the police. Sunday was fairly quiet, and a proclamation was issued that the people should go back to work on Monday or there would be trouble. Sunday we remained at the garage.

"Monday we got five Packards ready to deliver and started out with them. Shaw, leaving there, took a Russian chauffeur, and Tiny and myself bringing up the rear. At the office we met the officer who was to receive the cars. He was very frightened and would not accept them, for the soldiers were joining the people and were seizing cars on the streets. He had already lost two and did not know whether his chauffeurs were dead or not. He did not think that we would be able to get back to the garage with the cars, but we hit up a good pace. Those Packards can travel and have a good get-away, so we got back to the garage all right.

"That night about 7 o'clock the firing started in earnest, and you could hear the yelling of the mob for miles. The crack of rifles and the steady purr of machine guns kept up all night, for the

CEREMONY,
HONOR DEAD

Members of the Grand Army of the Republic, United Spanish War Veterans, Ladies' Relief Corps, Ladies of the G. A. R. and other patriotic organizations participated in the annual Memorial Day service at Mount View Cemetery this morning. More than 2000 persons attended the ceremonies, which were of an intensely patriotic nature.

Rev. John Stevens, pastor of the First Methodist Church, was the orator of the day. In a stirring address filled with patriotic sentiments he paid high tribute to the veterans of the Civil War, and urged every man, woman and child in the country to stand behind the President and the country in this hour of national crisis.

"We are going to stay in this present war until the whole world shall know that no nation can trample on our God-given rights. Every man in the United States must consider himself under conscription. Out in the trenches Old Glory will be carried to great achievements by the sons of veterans who have preserved it intact for us, and whose memory we are honoring today. There is no more honored insignia in the whole world today than the bronze emblem of the Grand Army. It is symbolic of the undaunted spirit which characterizes this country's struggle for freedom.

The spirits of Jefferson and Lincoln are at the elbow of Woodrow Wilson and the spirits of Grant, Sherman and Sheridan and Washington will go forth with Pershing into Europe."

BRIEF ADDRESS. Services began with a brief address by the president of the day, Dr. J. C. Stout, past commander of Admiral D.

Wonderful Military Features to Be
Presented Tribune Day by Battery B

CAPTAIN HARRY F. HUBER of Battery B, California Field Artillery, and the officers of the battery planning the arrangements for the appearance of the battery at TRIBUNE Day at Idora Park on Wednesday, June 6. Left to right, they are: LIEUTENANT HOWARD W. ENFER, LIEUTENANT JOHN W. WHITE, CAPTAIN HARRY F. HUBER and LIEUTENANT EDWARD E. VICARY.

The wonderful military features of TRIBUNE Day at Idora Park on Wednesday, June 6, are being rapidly worked out by Lieutenant Clyde C. Alexander of Battery B under the supervision of Major Ralph Faneuf and Captain H. F. Huber. The American soldier is the man of the hour, the nation is looking to him, yes, the world is looking to him, for upon the American soldier is now to fall the great work of carrying the flag of freedom into the very heart of Europe, and of planting the government of the people for the people and by the people where now autocracy reigns. The part of America in this world war is no longer to be a passive one.

For that reason the American soldier is the man to whom we all look at the present time, and the boys of Battery B are typical American soldiers. What is more they are Oakland soldiers, and the Oakland soldier is just about the best soldier in the best army in the world.

ENTHUSIASTICALLY AT WORK. So when THE TRIBUNE is able to announce that the officers and men of Battery B are enthusiastically working on the program for TRIBUNE Day it means a great deal.

It means that the Oaklanders who at-

tend Idora Park as the guests of THE TRIBUNE Day on June 6 are going to see something that is really worth while.

It will be a stupendous lesson in patriotism.

The TRIBUNE wants every young man, and every boy in the east bay district to witness this inspiring lesson in love of country. For that reason THE TRIBUNE is willing to distribute half a million tickets to Idora Park for that date.

WHEN AND WHERE TO GET TICKETS

Beginning Friday a list of the places where these tickets can be obtained will be run in THE TRIBUNE and everyone can call at the nearest place for their tickets. Every ticket is good for one admission, and there are enough tickets to go around so that everybody can have one, but THE TRIBUNE earnestly requests that the tickets be not wasted and destroyed.

Get what you need, but only what you are going to use. Don't deprive some-

one who might use a ticket of one of these precious pasteboards only for the sake of having it destroyed.

The officers and men of Battery B are going to repeat the work that they did at Nogales when they were doing service under General Pershing on the border. In one of the hills on the border on Thanksgiving Day the brave boys who were thinking of their homes in Oakland decided that they would beat down that feeling of a longing for home that comes at the holiday time, and that they would hold a tournament with a lot of contests.

TOURNAMENT PLANNED. It was a great tournament with saddling races, shoe races, stake driving races, shooting contests of all kinds, signalling contests, and drills. In this tournament Battery B came off with two-thirds of the prizes.

Battery B now proposes to do some-

SEMI-ANNUAL

EXPOSITION OF
WHITE

Commences Thursday, May Thirty-first

This is one of our business year's greatest events. Every department dealing in merchandise of white has prepared months in advance to offer extra values and qualities. Four hundred and fifty feet of window space is devoted exclusively to white wares. Coming, as it does, at the beginning of real summer, the attraction should double its appeal.

The following sections are prominently in the front in regard to merchandise of white. Many others not mentioned also offer white values to a greater or less extent:

Muslin Underwear	Laces	Art Needlework
Linens	White Goods	Wash Goods
Skirts	Corsets	Household Wares
Silks	Millinery	Sheets and Cases
Draperies	Dress Goods	Knit Underwear
Stationery	Gloves	Waists
Blankets	Shoes	Chinaware
Neckwear		Embroideries
Hosiery		Men's Furnishings

Four Hundred and Fifty Feet of White Windows

Our sales force has been augmented to adequately take care of the extra trade during the Exposition of White

The Meaning of
Good Optical Service

Many important things must be carefully considered in the making of proper glasses. That the lenses must be accurately ground according to the prescription is of the greatest importance, and next, that the proper eyeglasses or spectacles are used to mount the lenses so that they may be held in perfect alignment before the eyes. This work can only be done satisfactorily by experienced and well-trained men. It should not be unduly hurried, and while the California Optical Company, on account of its large and efficient force and completely equipped factory is in an enviable position to produce work quickly, it will not in any instance sacrifice quality and accuracy for speed. Hurried work is an incentive for carelessness and inaccuracy. Good optical service means accurate glasses delivered on time by competent opticians of known ability. California Optical Co., 1221 Broadway, Oakland; 181 Post St., and 2508 Mission St., San Francisco.—Adv.

SALEM MAN WILL SUCCEED LANE

PORTLAND, Ore., May 30.—Governor Withycombe last night announced the appointment of Charles L. McNary of Salem, Ore., as United States senator to fill the vacancy caused by the death of Senator Harry Lane, Democrat, whose funeral was held here.

Judge McNary is chairman of the Republican state central committee and was formerly a member of the state supreme court. He is preparing to leave for Washington at once and will actively support the President in his war campaign.

"I am not a standpatter; I am a progressive," said Senator McNary tonight. "Neither am I a life-bound partisan. I shall support President Wilson in all his progressive legislation. I shall stand squarely behind him in all matters relating to the war with Germany."

"I believe the Oregon system of government and shall advocate national prohibition and national woman suffrage. I don't intend to pull back, but will push ahead to help attain those things which the people of Oregon and the nation want."

Senator McNary is distinctly an Oregon product, having been born on a farm near Salem 43 years ago.

Fair Chauffeur to Enlist Society Girl Will Serve

SAN FRANCISCO, May 30.—Having quietly studied automobile mechanics and Red Cross first aid courses, Miss Christine McNab, the youngest daughter of the late James McNab, niece of Gavin McNab and John L. McNab, and one of the most popular girls in society, has been accepted as chauffeur of a service car between Paris and the army headquarters and has received her passport for France. She will leave here on June 10.

The action of the young woman is no surprise to her close friends, who have long known of her intention, but it has created no small stir in the social set at large. From a life of ease and gaiety she will go to days filled with strenuous activity as an emergency nurse, an automobile driver and a repairer of motor machinery on occasion.

Her departure is not the only one that will be noticed in local society. The young men present in the coterie of culture will be among the first to reach France with American regular forces.

They are Samuel Hopkins, Talbot Walker, Charles Ketcher, Griffith Henshaw and Frederick Wickman, and they will drive motor ambulances.

Trucks for the American expeditionary force under General Pershing. The quietest volunteered their services, passed the physical examination, and last night received orders to leave for France within ten days.

Griffith Henshaw is the son of William G. Henshaw of Piedmont and a brother of Mrs. Charles Keeney. Hopkins is the son of E. W. Hopkins and the brother of Mr. Augustus Taylor. Mrs. Will Taylor, Mrs. Fred McNear and Mrs. J. C. Cowdin. His wife was Miss Elvise Schultz. Talbot Walker is the only child of Mrs. Cyrus Walker. Wickman is a member of a prominent Honolulu family.

HOMEOPATHS TO OFFER SERVICES

The formation of a medical unit composed of 300 homeopathic physicians of the state to aid in the war work will be one of the most important topics for the convention of the California State Homeopathic Medical Society, which will meet in Hotel Oakland for three days starting next Tuesday. Dr. James W. Ward, prominent physician in San Francisco, will have the plan which has received the endorsement of Dr. Philip Rice, president of the organization.

More than 75 homeopaths of San Francisco have offered their services to the government, and may be called to the colors at any moment.

"Quack" doctors of the bay cities are to be the object of the medical examiners, according to Dr. C. R. Pinkham, secretary of the body. He declares that a number of physicians have located in Oakland and San Francisco recently and are engaged in performing illegal operations.

"It is against specialists who advertise for women patients only, that war is to be waged by the State Board," said Dr. Pinkham. "Many of the Chinese herb doctors will also be under fire, and will probably be forced to go."

"During the past two years, the attention of the medical examiners has been directed toward the 'quack' who is located in the smaller towns of the state, and in this time a number of physicians practicing forbidden methods have opened offices in the bay cities."

Believing that it is more important to know what sort of a patient the disease has than to discover what kind of a disease the patient has, Dr. S. F. Meacham of this city will present a plan before the convention to ally the various schools of medicine and treat disease according to the personal make-up and individual needs of the patient rather than by following out the formal principles of the homeopathic, osteopathic or allopathic schools of medicine. In his paper on "Fundamental Factors for a Scientific Materia Medica," Dr. Meacham will offer ideas which if carried out will revolutionize the practice of medicine.

Dr. Philip Rice, president of the state homeopaths, will discuss practical methods of putting the plan into effect, in his annual address.

PRINCE WELCOMED
WASHINGTON, May 30.—Many messengers of welcome welcomed the Prince of Wales and other members of the Italian mission today from cities of the East, Middle West and South which the Italian king will visit during a ten-day tour starting next Monday.

The commissioners were much pleased by the messengers to the trip, which is expected to contribute further to creating understanding in this country of Italy's ideals in the war, one of the main purposes of the mission.

Special interest is felt here over the autograph letter from King Victor Emmanuel to the American people, which the Prince of Wales will present to the Senate when he visits that body tomorrow.

TO TAKE COURSE
SACRAMENTO, May 30.—Twenty-six non-commissioned officers and privates from the sanitary corps of the California National Guard, who have been recommended for training at the camp at San Francisco, starting June 2, have been named by Adjutant-General Borree. They will receive instruction in military hygiene with the idea of training them for instructors of the guards who will later be called into service. From the sanitary troops coast artillery, San Francisco, are the following: Sergeant, first class, Harold E. Richard; private, first class, Frank Lane.

PRICE IS FIXED
PORTLAND, Ore., May 30.—Lumber manufacturers of Oregon and Washington today at a conference by telephone, fixed a price of \$35 per thousand feet for all lumber sold to the government for shipbuilding purposes. The offer was communicated to Washington, D. C., by long distance telephone. This figure is approximately \$5 below the current market quotations on ship timbers and will not apply on lumber sold to private contractors.

DEATH IS MYSTERY
CHICAGO, May 30.—Mystery in the sudden death of Charles E. Kohl, millionaire theatrical man and militia officer, has set on foot an investigation by Waukegan, Wis., county authorities. First reports stated that Captain Kohl had died of heart failure. Later reports said Kohl had been shot. An autopsy disclosed wounds on his face, neck, chest and arms.

JEWELS CLEW TO THEFT MYSTERY

Since Bradley Leighton, the young protégé of Mrs. Alice Hart, wealthy divorcee, has been lodged in the county jail pending his trial for burglary in the Superior court, he has refused to divulge any more information to Inspectors Charles McCarthy and William Quigley, who claim that Leighton committed more burglaries than he has already admitted to the police.

The finding of jewelry that was stolen from the home of Mrs. K. Monahan at 12 Rio Vista avenue, in the possession of Leighton's attorney, T. L. Christiansen, led the police to believe that despite the prisoner's protest that the robbery of the home of W. H. Ingels at 1565 Oak street was his first offense, he has been implicated in many more burglaries.

The jewelry given by Mrs. Hart to Leighton's attorney was in guarantee for his fee, the police say, but Mrs. Hart did not know that it was stolen property. She explained that Leighton had given it to her to keep for him, saying he had bought it at auction.

When Inspectors McCarthy and Quigley visited Leighton in the county jail late yesterday the prisoner was in conference with an attorney representing Mrs. Hart, and he refused to talk to the inspectors, stating that he has nothing to say.

"This is a peculiar case and we are having great difficulty in figuring out a number of angles that have appeared since Leighton was held to answer from the police court," said Inspector McCarthy.

JOVIANS GATHER
The Alameda County Electrical Club entertained 150 electrical men last night at the Hotel Oakland. Pleasing to the electrical fraternity was the large attendance of "Jovians," over 100 attending in a body from San Francisco. A program was arranged by Messrs. Martinez, Kann and Woodward. San Francisco promises in the near future to put on a Jovian Night at the St. Francis Hotel, and will ask Oakland electrical men to be their guests.

Prof. Clarence Corey spoke encouragingly of the support given by the electric trades to the Liberty Bond subscription. Wallace W. Briggs and Frank A. Leach Jr. spoke. George Drew and Henry Melvin were the workers in making the smoker a success, as well as Treasurer George Purcell. E. C. Wilson of the ticket committee and Lee Gilpen were tied for first honors. Arthur Halloran of the Journal of Electricity was a guest.

HURT IN CRASH
SAN FRANCISCO, May 30.—Stanley Le Moge, a student, and his sister, Doris Le Moge, a telephone operator of 2435 Valdez street, Oakland, were severely injured shortly before noon today when a motorcycle on which they were riding tandem, was struck by a touring car at the corner of Seventeenth and Valencia streets.

They were taken to St. Luke's hospital, where it was found that Miss Le Moge had received a painful head injury and bruises about the body. Stanley Le Moge suffered a broken leg and lacerations and contusions.

W. J. Keaton, driver of the automobile, and a resident of Newman, Calif., was booked on two charges of battery.

EFFIGY HANGED
VENICE, May 30.—Thomas W. Asbitt, editor of the Venice News, was hanged in effigy at Windward avenue and Truettway, in plain sight of crowds of passersby. A figure dressed in white shirt and blue overalls was strung up from a trolley, placarded "Thomas W. Asbitt."

Asbitt had attacked members of the Venice trustees and had attempted to create a liquor zone in the city to exclude a popular cafe.

WOMEN ARRESTED
Four arrests were made by the moral squad of the police department last night when Mildred Lane, Alice Harris, Francis Bradley and Ethel Carroll were taken into custody on charges of vagrancy. The first two were released on \$50 bail and the others are being held under \$100 bail.

VETERANS AGAIN TO HOLD DRILLS

Reorganization of the old Oakland Light Cavalry, military unit of the 70th, has been effected. At a meeting in the armory building, in Twenty-fourth street, twenty-nine officers and men of the old unit signed their names to the roster and elected permanent officers. The organization will be known hereafter, following a vote, as the Veterans of Company F. This title is taken from the name of the regiment subsequent to 1877. In 1885 it was re-titled Company F, California National Guard. At the time of the Spanish-American war it was known as Company F, Eighth California Volunteers.

Officers for 1917 are: President, Captain Webb N. Pearce; vice-president, Colonel G. H. Wethern; treasurer, Captain H. T. Bennett and secretary, Sergeant W. H. Parker. Meeting night will be on the second and fourth Tuesdays of each month.

The veterans at the meeting included: Colonel G. H. Wethern, Captain Webb N. Pearce, Captain C. L. E. Wenk, Captain H. T. Bennett, Captain C. C. Covatt, Captain C. A. Sullivan, Captain W. E. Pritchard, First Lieutenant A. E. Mast, Second Lieutenant A. E. Mast, Sergeants H. Ruddy Jr., W. H. Parker, R. E. Kinley, R. E. Foreman, J. R. Neylan, J. McCrudden, C. A. Nelson, Corporal J. W. Anderson, Privates James H. Cobbleback, Charles T. Cary, J. Baumgardner, W. S. Brackett, J. R. Chaney, Dona Clark, G. M. Crew, F. O. Spiegel, W. E. Cravers, T. C. Martin and W. S. Brackley.

CATS SHOULD BE LICENSED, URGES CAL. SOCIETY

That cats as well as dogs should be licensed in Oakland is the contention of the California Audubon society, which has presented the matter to the city council for consideration. The proposed license is \$2 a year. The society members recited that in New York city last year during the infantile paralysis plague, nearly 100,000 cats were destroyed and that since then a license is required. It is also asked that provision be made for destroying stray felines.

BUNCO VICTIM HAS DISAPPEARED

Forced out of business in San Francisco by a gang of Italian bunco men five years ago, Michael Sorrentini, who has been missing from his place of business at 3545 Grove street for two business at 3545 Grove street for two by his wife who fears that he may have again fallen victim to the practices of the gang.

Sorrentini conducted a fruit and vegetable store in Grove street, but has suffered business reverses, his wife says, from some unknown cause. Besides the wife there are four children in the family.

When Sorrentini left home he wore a blue serge suit, black hat, a soft gray shirt and brown tie. He is 43 years old, 5 feet 8 inches in height, weighs 152 pounds. He has a short gray mustache, dark eyes and black hair. He is a member of the Druids and wore an emblem on his coat lapel.

FUNDS SOUGHT FOR COAST BASES

WASHINGTON, May 30.—Appropriation of \$7,455,000 for submarine and aircraft bases on the Pacific Coast is recommended in a fourth report of the special naval yard and station committee sent to Congress by Secretary Daniels.

In addition to two sites already recommended, the report names four others which should be developed. The names will not be announced for military reasons.

Accompanying the recommendations of the majority is a minority report by Commander Charles L. Hussey, concurring in the specific proposals of the committee but expressing the opinion that important data have been omitted and that the majority report does not properly present facts vital to establishment of "the necessity, desirability and advisability of such bases in general and on the Pacific Coast in particular."

Besides the proposed permanent bases, for which appropriations are asked, the committee recommends a number of temporary operating bases for war purposes which will not require expensive plants.
